American Museum of Ceramic Art

AMOCA invites Mid-Century Modern Collectors and AMOCA members to join us for our Collector's Night.

Collectors will share their stories and experiences about collecting objects from this special era.

Mid-Century Modern specialist, Gerard O' Brien of *Reform Gallery*, will present a slideshow summarizing California modern and decorative design, architecture, and post-war society. He will address why the unique style of this era is recognized by scholars and museums worldwide as a leading design movement.
